

## PRE-REQUISITES – Clarifai account

Project name	IoT Based Crop Protection System for Agriculture
Team ID	PNT2022TMID01702

## Clarifai account creation

The screenshot displays the Clarifai portal interface. At the top, there's a navigation bar with a 'CREATE APPLICATION' button. Below this, the 'Applications' section shows a list of applications, including 'my-first-application' with ID '1e290d1f0cb841f1fae369d41af0379c1' and a creation date of 'November 17, 2022'. A red warning banner is present, stating: 'Important: Please check your email inbox and verify your email address before continuing to use our services, including the API and the Portal or you will be limited to 100 operations.' On the right side, a chatbot interface is visible, with a message from 'Claribot from Clarifai' saying 'Hi! Welcome to Clarifai. Help me understand what you're looking to do with Clarifai.' Below the chatbot, there are four buttons: 'I'm looking for pre-trained models', 'I want to build my own model', 'I need to find documentation', and 'I'm just exploring'.
